EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Chad Bement on February 13, 2006.

The application has been amended as follows:

In claim 38, line 5, after display, add --**"when the cover is positioned to overlay at least the portion of the display"**--.

Allowable Subject Matter

2. Claims 17-32 and 35-45 are allowed.

3. The following is an examiner's statement of reasons for allowance: Claims 17-32 and 35-45 are allowable since certain key features of the claimed invention are not taught or fairly suggested by the prior art. In claim 17, "a lighting system coupled to the frame and configured to illuminate a display which is separate from the cover when the cover is positioned to overlay the display". In claim 28, "the light guide is configured to direct light toward at least a portion of the display when the cover panel is positioned to overlay the display". In claim 38, "illuminating at least a portion of the display when the cover is positioned to overlay at least the portion of the display, wherein the cover does not include the display and the cover may be moved out of the

way of the display". The closest prior art, Anzai et al. (6,259,597) discloses that during normal use the touch panel is rotated to overlay the display and when not in use, the touch panel does not overlay the display, however, singularly or in combination fails to anticipate or render the above underlined limitation obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ricardo L. Osorio whose telephone number is 571-272-7676.
